

桌球隊 | Table Tennis Team

歷史/History

北醫桌球隊是由醫學系第八屆的陳信成學長與其他同鄉的學長所創立，在上大學之前，學長們就一起打過球，後來也一同進入北醫就讀。除了對桌球有濃厚的興趣外，學長們也想組成校隊，擁有固定練習的時間，並透過努力練習提升自己的球技，北醫桌球隊因而成立。當年並沒有女隊員，各年級只有三到四人。因為人員缺乏，因此進入桌球隊的甄選並不困難，只要對桌球有興趣或是打得好的人就可以加入。當時學校只有一張球桌供隊員練習，與現在的情景十分不同。

除了資源較缺乏外，隊員人數的不足也是一個瓶頸。因此，在球技較好的學長們畢業後，球隊沒落了一陣子。不過，後來有實力堅強的隊員加入，讓北醫桌球隊又燃起一絲希望，人數甚至可以組隊比賽並獲得參加大專盃的資格。此後，北醫桌球隊有越來越多成員加入，學校投入的資源比起草創時期增加不少，讓隊員可以在更舒適的場地練習。直到現在，幾乎每年都有新成員加入。追求進步、保有良性競爭與團結是桌球隊所秉持的精神，在大大小小的比賽中揮灑汗水、給予夥伴們鼓勵是比賽中最感動與最熱血的情景。除此之外，現今的北醫桌球隊也會積極參與各項比賽，為校爭光，並期望能在未來獲得更好的成績。

"Taipei Medical University table tennis team was founded by Xin-Cheng, Chen and other fellow classmates. They were all alumni from the class of 1967, the department of medicine. They played table tennis together before entering college, and later entered Taipei Medical University together. In addition to being interested in table tennis, they also wanted to form a school team. With fixed training schedule and practicing hard, they hoped to improve their skills. Therefore, Taipei Medical University table tennis team was established. However, there were no women's team at that time, and only three to four members in each grade. Because of lacking in team members, it was not difficult to enter the team. Anyone who was interested in table tennis or can play well could join. There were only one table for the whole team to practice at that time, which was very different from the current situation. In addition to the lack of resources, the shortage of players was also a big problem. After the seniors who performed better graduated, the situation of the team gradually declined. Fortunately, there were many good players later joined, and the number of members could even form a team and qualify for the college cup in table tennis. Since then, more and more members have joined, and our school had also invested more resources so that players can practice in a better space than ever. Until now, new members join us every year. Pursuing progress, maintaining positive competitions and unity are the spirits held by the team. Striving for every point and giving partners supports are the most moving and exciting scenes in the game. Nowadays, Taipei Medical University table tennis team are still actively participating in various tournaments to win glory for the school, hoping to get better results in the future."
